“ Tracy was a very dear friend of mine at DeLand High School and she and myself were on the Athenian Yearbook together and stayed close through all high school reunions attended even when I lived in California.. She was the most beautiful kindred spirit and loving, caring, empathetic, joyful, make you smile in her presence together or even online via Facebook or other communications.

Having survived cancer myself, Tracy was there to help me through via FaceBook and we played Words with Friends for some time and chatted on there constantly as she fought the long battle that sadly was not successful.

Tracy will always be in my heart as she embraced me and my spouse unconditionally as she did everyone that was blessed to have entered into her friendship and heart.

Definitely would be interested in attending her Celebration in Life event in November, so family coordinating this event, could you please contact me at DwayneClutter@yahoo.com

I will pass the word along to many of our mutual DeLand High School friends who may have not heard of Tracy's passing..

My heart is with her hubby, kids and families.. Tracy was such a beautiful woman and we are missing her dearly..

“ Glenn and Family,

So sorry to hear that Tracy passed on to her reward after a long struggle. The obituary was impressive. She was quite accomplished and charitable in her life, leaving her stamp in many ways. My thoughts are with all of you.

“ Tracy, i will never forget all the times we got a chance to see each other , the o.p. Days with everyone. The cancer bra party, and of course the awesome ride on the beach with Karen and the falling off of the horse, we laughed so hard , and broke 3 ribs in the process. The susan b koman run in jacksonville with Karen, and her renting the convertible mustang and me sitting in the back looking like the unbomber. Thank you for always being you with that big smile on your face. The memories are countless. Rest in your beautiful place angel in gods hands. My prayers are with you family and their healing during this time. God bless. Sherry

“ I "met" Tracy on FB, due to her sister, Mardi. She was a wonderful advocate for those with cancer and led a courageous battle against her own cancer. My prayers go out to her whole family in this difficult time. May God lift you all in His arms for comfort in celebrating this life of this beautiful Angel.
