“ Billy, I cannot believe you are gone. I knew something terrible was going to happen, I began searching for you over the weekend on FB and online, but could not find you! I have thought about you so many times over the years and wonder how we drifted so far apart. You are such a big part of my childhood! Always there to listen, to offer advice, and to lend a helping hand! I am so saddened knowing that I will never be able to tell you how much I missed you and how much you meant to me,however, I am so comforted knowing that I have yet another angel up there looking out for me! May you forever R.I.P! xoxox I also will continue to pray for your family to find the strength to continue on without you and your gracious smile! I love you!

“ Bill, i cant say everything I would want to say because it would take too many pages of text or even a book to put it in words. I remember the late night phone conversations where we would just talk for hours on end. I remember when you got your new mustang you were so proud of it and came straight over to take me for a ride in it. You always told me I was extremely lucky I had a bill cause not many families have one. I knew I was lucky but just not how lucky. Now that your with your mother I realise that is true. I am the only person I know of that had a family member like you. You did not have to treat me like a son however you did anyway and I am honored and greatly appreciate that. You gave me much more than friendship, you have contributed to who I am today and who I will be. I will look up to you for guidance as I always have. There will always be a piece of me missing. I love you Bill and will see you again someday.

“ I just had to add more your life was so important to me. You were baptised and confirmed at our beloved Trinity with your church family holding you up in prayer. You were with me at every football game Robert played and every dance recital Brittney danced in. You attended both kids band performances, school plays and each new year we rang in together. We celebrated your birthdays with home made cakes and dinners. You were there for me and all of us always. I don't know how to say good bye so I'll say I'll see ya later Bill tell your mom I said hey.
